

## Hey 3<sup>rd</sup> graders, join the next session of Math Club!

Our parent-initiated and PTA-endorsed math enrichment program for third graders continues for another session. Participation in the first session is not necessary for joining the second one.

A six-week session will run November 9<sup>th</sup> through December 14<sup>th</sup>, 2009, in one-hour classes on Mondays from 3:45 to 4:45 pm in the Washington school building (Mrs. O-Donnell's classroom).

The targeted class size is 10-15 students.

The fee for the 6 classes is \$50.

The instructor Elly Claus-McGahan, PhD, has run math clubs at Lowell and Pont Defiance Elementary Schools. She leads various math enrichment activities for children, including workshops and summer math classes, as well as consulting on improving school curricula. "Doctor Elly" (as her students call her) is a state coordinator for Washington State Middle School Math Olympiad.

If you want to join, please fill in the Math Club Registration Form available at the PTA website (<http://www.wahoyt.org/forms.html>), attach a check for \$50 payable to the Washington-Hoyt PTA, and drop it in the PTA mailbox in the Washington school office by **November 4<sup>th</sup> (Wednesday)**.
